**SUBSCRIBER NOTIFICATION REPORT
(October 25, 2005)
OF PRT LARGA DISTANCIA, INC.
FOR PHONEMAX SERVICE**

As PRT Larga Distancia, Inc. ("PRTLTD") reported in its Subscriber Notification and Acknowledgement Reports dated August 10, 2005, September 1, 2005, and September 22, 2005, PRTLTD has been providing notice of the differences between PhoneMax's limited emergency response service and traditional 911 service, and obtaining affirmative acknowledgements of those differences and limitations from its PhoneMax customers.

In the September 22, 2005 Report, PRTLTD informed the Commission that it had obtained affirmative acknowledgements from 70% percent of its PhoneMax customers and that it expected to obtain affirmative acknowledgment of the 911 limitations from an approximate 72% of its PhoneMax customers, by September 28, 2005.

However, based on the Commission's September 27, 2005 Public Notice, PRTLTD engaged in vigorous efforts to reach its PhoneMax customers and obtain their acknowledgements. The efforts included e-mail communications, letters, and calls to customers. As a result, PRTLTD informs that, as of today, it has obtained affirmative acknowledgements of the PhoneMax service 911 limitations from 92% of its customers.

PRTLTD will continue with its efforts in order to increase the percentage of acknowledgements from its PhoneMax customers, and will notify the Commission once it has achieved 100% compliance.

Respectfully submitted, this 25th day of October, 2005.
